# **GETTING STARTED**

## **INTRODUCTION**

This manual provides procedures and instructions for using the Electronic Case Files (ECF) system to file documents with the court, or to view and retrieve docket sheets and documents for all civil, criminal and miscellaneous cases in the system. A Filing User should have a working knowledge of an ECF-compatible web browser and Adobe Acrobat or equivalent software to create and read portable document files (PDF).

## **ECF DEFINITIONS**

The following definitions are used throughout this User Manual:

- A. **“Electronic Filing System”** refers to the court’s automated system that receives and stores documents filed in electronic form. The program is part of the CM/ECF (Case Management/Electronic Case Files) software which was developed for the Federal Judiciary by the Administrative Office of the United States Courts.
- B. **“Filing User”** is an individual who has a court-issued login and password to file documents electronically.
- C. **“Notice of Electronic Filing”** is a notice automatically generated by the Electronic Filing System at the time a document is filed with the system, setting forth the time of filing, the name of the party and attorney filing the document, the type of document, the text of the docket entry, the name of the party and/or attorney receiving the notice, and an electronic link (hyperlink) to the filed document which allows recipients to retrieve the document automatically. A document shall not be considered timely filed for purposes of the Federal Rules of Civil and Criminal procedures until the filing party receives a system generated Notice of Electronic Filing with a hyperlink to the filed document.
- D. **“PACER”** (Public Access to Court Electronic Records) is an automated system that allows an individual to view, print and download court docket information over the Internet.
- E. **“PDF”** refers to portable document format. A document file created with a word processor, or a paper document which has been scanned, must be converted to portable document format to be filed electronically with the court. Converted files contain the extension “.pdf.”
- F. **“Proposed Order”** is a draft document submitted by an attorney for a judge’s signature. A proposed order shall accompany a motion or other request for relief as an electronic attachment to the document.
- G. **“Technical Failure”** is defined as a failure of court owned/leased hardware, software, and/or telecommunications facility which results in the inability of a Filing User to

submit a filing electronically. “Technical Failure” does not include the malfunctioning of a Filing User’s equipment.

## HELP DESK

The court staffs a help desk for telephone assistance with ECF. **Filing Users are strongly encouraged to electronically file during the operational hours of the help desk.**

Western District of Kentucky	1-866-822-8305	Monday - Friday 8:00 a.m. - 6:00 p.m. ET
Eastern District of Kentucky	1-866-485-6349	Monday - Friday 8:30 a.m. - 5:00 p.m. ET

## ECF SYSTEM CAPABILITIES

A Filing User with a PACER account, an ECF-compatible web browser, Adobe Acrobat or equivalent software and access to the Internet can use the court’s ECF system to perform the following functions:

- ◆ Open the court’s web page.
- ◆ View, print or download the most recent version of the ECF User Manual.
- ◆ Self-train on ECF using the ECF Tutorial, which is available on the district court’s ECF web site.
- ◆ Electronically file pleadings and documents in cases.
- ◆ View official docket sheets and other documents associated with cases.
- ◆ View reports.

## REQUIREMENTS

### Hardware and Software Requirements

The hardware and software needed to electronically file, view, and retrieve case documents are the following:

- ◆ A computer running a standard operating system such as Microsoft Windows or Macintosh.
- ◆ A word processing software package such as WordPerfect or Microsoft Word.
- ◆ Adobe Acrobat software or some other compatible software to convert documents from the format of their native application to portable document format (PDF).
- ◆ A scanner to convert paper documents that are not in a word processing format to digital format for electronic filing in the court’s ECF system (*e.g.*, medical records filed as exhibits). Use a scanner **ONLY** if you **cannot** electronically prepare your documents with a word processing software package and convert them to PDF

format. When scanning documents for ECF, scan at a resolution of **200 to 240 dpi**. Scanning at resolutions greater than 240 dpi tends to clutter the electronic transfer with unwanted markings and print. All documents should be scanned with a “black and white” setting unless the exhibit is colored.

- ◆ An Internet service provider and web browser. The court has verified that the installed version of ECF is compatible with Netscape Navigator version 4.6x or 4.7x and Microsoft’s Internet Explorer version 5.5.

**NOTE:**        **Users of ECF have experienced some compatibility issues with versions of Netscape Navigator lower than 4.6x, America On-Line’s version of Netscape Navigator, and versions of Internet Explorer other than Version 5.5. Any version of Internet Explorer requires the user to clear the temporary Internet files/history of the web browser each time ECF is accessed. This will ensure web pages viewed with ECF display all available options.**

## **CLEARING TEMPORARY FILES/HISTORY IN INTERNET EXPLORER**

Follow the steps below before accessing ECF:

- ◆ Open Internet Explorer and select “Tools.” Select “Internet Options.”
- ◆ In the Temporary Internet Files section, select “Delete Files.”

## **CLEARING TEMPORARY FILES/HISTORY IN NETSCAPE NAVIGATOR**

Follow the steps below before accessing ECF:

- ◆ Open Netscape Navigator and select “Edit.” Select “Preferences.”
- ◆ In the Category section, select “Navigator.”
- ◆ In the History section, select “Clear History.”

## **SCOPE OF ELECTRONIC FILING**

All civil, criminal and miscellaneous cases are assigned to the Electronic Filing System.

The filing of initial papers, e.g., complaint, notice of removal, etc., are required to be filed on paper rather than electronically. A disk or CD-ROM containing the document in PDF format<sup>1</sup> may be required by the local clerk’s office. In a case removed to the federal court, parties are required to provide copies; and may be required to provide electronic copies of all documents previously filed in the state court, which have been served upon them. Service of the summons and complaint must be made under Federal Rule of Civil Procedure 4.

---

<sup>1</sup>A document created with almost any word-processing program can be converted to PDF. The PDF program, in effect, takes a picture of the original document and allows anyone to open the converted document across a broad range of hardware and software with the layout, format, links, and images intact.

A party proceeding *pro se* may not file electronically, unless otherwise permitted by the court. *Pro Se* filers will file paper originals of all documents. The clerk's office will scan these original documents into the court's electronic system, unless otherwise sealed.

Due to the nature of their content, criminal cases and social security cases have restricted status, meaning that remote public access to documents in these cases are limited to Filing Users who are counsel of record. All documents filed in these cases are available for viewing by the public at the clerk's office, unless otherwise sealed.

## **SEALED DOCUMENTS**

A document subject to a sealing order must be filed on paper in a sealed envelope marked "sealed," citing thereon the style of the case and case number, or a paper copy of the court's order sealing the document can be placed on the front of the envelope to ensure proper storage of the document. The clerk may require the document to be accompanied by a disk or CD-ROM containing the document in PDF format. Only the motion to file a document under seal may be filed electronically, unless prohibited by law. The order of the court authorizing the filing of documents under seal may be filed electronically, unless prohibited by law.

## **SPECIAL FILING REQUIREMENTS AND EXCEPTIONS**

### **I. Special Filing Requirements**

The documents listed below shall be presented for filing on paper. The clerk may require the document be accompanied by a disk or CD-ROM containing the document in PDF format:

- Sealed
- In Camera
- Confidential Agreements
- Ex Parte
- Qui Tam Cases (under seal)

### **II. Exceptions**

- A. Permissive Exceptions - Any document which contains more than two (2) megabytes.
- B. Mandatory Exceptions - The following documents are excluded from the Electronic Filing System and shall be filed solely on paper, unless otherwise ordered by the court:

## **ADMINISTRATIVE RECORDS**

## **PLEA AGREEMENTS**

## **GRAND JURY MATTERS:**

The following documents are examples of grand jury matters:

- 1) Minute sheets of swearing in and impanelment
- 2) Grand jury returns
- 3) Voting slips
- 4) Any requests to be excused from grand jury for medical or some other reason and the order appointing an alternate
- 5) Motions to quash subpoenas and orders ruling on them
- 6) Motions to enforce subpoenas and orders ruling on them
- 7) Motions for immunity and orders ruling on them
- 8) Motions for appointment of counsel and orders ruling on them

## **WARRANTS ISSUED:**

- 1) Arrest Warrants
- 2) Seizure Warrants
- 3) Search Warrants
- 4) Pen Registers (Wire Tap Orders)
- 5) Bench Warrants

## **PRE-INDICTMENT/PRE-INFORMATION:**

- 1) Complaints filed by U. S. Attorney on behalf of Federal Agents or by the Federal Agents themselves
- 2) Affidavits accompanying complaints usually signed by the Federal Agent
- 3) Warrants issued by another district for a defendant residing in our district. The Rule 5 (arraignment) hearing is held in our district and then the paperwork is sent to the other district on a Rule 40 transfer.

## **CONSENT TO PROCEED BEFORE U. S. MAGISTRATE JUDGE**

(If not signed by all parties.) Consent signed by all parties may be filed electronically.

## **CJA APPOINTMENT VOUCHERS and CJA 23 - FINANCIAL AFFIDAVITS**

## **ELIGIBILITY, REGISTRATION AND PASSWORDS**

If you are interested in registering for ECF in the Western District you may register online at <http://www.kywd.uscourts.gov>, or you may obtain a registration form from any divisional office of the court.

If you are interested in registering for ECF in the Eastern District you may obtain the registration form from the court's web site <http://www.kyed.uscourts.gov> or you may obtain a registration form from any divisional office of the court.

An attorney admitted to the bar of this court, including an attorney admitted *pro hac vice*, may register as a Filing User by completing the prescribed registration form. Registration as a Filing User constitutes consent to electronic service of all documents in accordance with the Federal Rules of Civil Procedure and the Federal Rules of Criminal Procedure. **A registration form must be completed in both the Eastern and Western Districts if the Filing User intends to become a Filing User in both Districts.**

By signing the registration form, Filing Users certify that they have read and are familiar with the rules of practice of the court, the Administrative Policies and Procedures and Order governing electronic filing<sup>2</sup>, and that they have a PACER account.

When registering, an individual must identify the method through which training will be obtained, *i.e.*, (a) web page tutorial; (b) provided by court personnel; (c) provided by an in-house certified trainer; or (d) training in another court.

An individual may register more than one Internet e-mail address. Once the registration is processed by the clerk, the Filing User will receive notification of the user login and password, via e-mail, U.S. mail, or the attorney may arrange to pick up their login and password at the clerk's office. A Filing User shall protect the security of the User's password. If the Filing User learns that the password has been compromised, they should change their password immediately and notify the clerk. Filing Users may be subject to sanctions for failure to comply with this provision.

If an attorney is leaving a law firm and is the attorney of record on an existing case and representation in the case will remain with the law firm, it is extremely important that a withdrawal and substitution of counsel is made prior to the attorney's termination in the law firm, for the following reason. The attorney leaving the firm has an e-mail address with the law firm they are leaving on record with the court. This e-mail address may be disabled by the law firm as soon as the attorney terminates their employment. The electronic notices in ECF will continue to go to the terminated attorney's e-mail address at the former firm. If the e-mail address is disabled at the law firm, no one will receive the electronic notice. If a withdrawal/substitution of counsel has not been filed prior to the attorney leaving the firm, the law firm should not disable the e-mail account of the attorney leaving the firm until another attorney in the firm enters their appearance. The law firm should designate someone in the firm to check this e-mail account for ECF notices until substitution of counsel has been filed with the court.

If the attorney leaving the firm is taking active cases from the firm, this attorney needs to change their e-mail address as soon as possible, otherwise the attorney will not receive electronic notices from ECF. The e-mail will continue to be sent to the former law firm's e-mail address still on record. Procedures for changing an e-mail address may be found in this manual under Utilities Feature - Maintain Your Account.

---

<sup>2</sup>Rules of practice and administrative policies and procedures along with tutorials and other information may be found at <http://www.kywd.uscourts.gov> or <http://www.kyed.uscourts.gov>.

## ELECTRONIC FILING AND SERVICE OF DOCUMENTS

Electronic transmission of a document to the Electronic Filing System in accordance with these procedures, together with the transmission of a Notice of Electronic Filing from the court with a hyperlink to the electronically filed document, constitutes filing of the document for all purposes of the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure and the Joint Local Rules of this court.

E-mailing a document to the clerk's office or to the assigned Judge does not constitute filing of the document. **A document shall not be considered filed until the system generates a Notice of Electronic Filing with a hyperlink to the electronically filed document.**

Before filing a scanned document with the court, a Filing User must verify its legibility.

A document filed electronically **is deemed filed on the date and time stated on the Notice of Electronic Filing from the court.** The official record is the electronic recording as stored by the court whether the document has been filed electronically or on paper and scanned into the system. The filing party is bound by the document as filed.

Filing a document electronically does not alter the filing deadline for that document. Filing must be completed before midnight, local time in the division where the case is assigned, in order to be considered timely filed that day. However, if time of day is of the essence, the assigned Judge may order a document filed by a certain time.

In accordance with Rule 6(e) of the Federal Rules of Civil Procedure and Rule 45(c) of the Federal Rules of Criminal Procedure, service by electronic means is treated the same as service by mail for the purposes of adding three (3) days to the prescribed period to respond.

Upon the filing of a document, a docket entry will be created using the information provided by the Filing User. The clerk will, where necessary and appropriate, modify the docket entry description to comply with quality control standards.

By participating in the electronic filing process, the parties consent to the electronic service of all documents, and shall make available electronic mail addresses for service. Upon the filing of a document by a Filing User, an e-mail message containing the Notice of Electronic Filing (NEF), with a hyperlink to the electronically filed document, will be automatically generated by the Electronic Filing System and sent via electronic mail to the e-mail addresses of all parties who have registered in the case. In addition to receiving e-mail notifications of filing activity, the Filing User is strongly encouraged to sign on to the Electronic Filing System at regular intervals to check the docket in their case.

If the filing of an electronically submitted document requires leave of court, such as an amended complaint, the attorney shall attach the proposed document as an attachment to the motion requesting leave to file. If the court grants the motion, the clerk will electronically file the document without further action by the Filing User.

A certificate of service must be included with all documents filed electronically. Such certificate shall indicate that service was accomplished pursuant to the court's electronic filing procedures. Service by electronic mail shall constitute service pursuant to Federal Rules of Civil Procedure 5(b)(2)(D) and shall entitle the party being served to the additional three (3) days provided by Federal Rules of Civil Procedure 6(e).

A party who is not a registered participant in the system is entitled to a paper copy of any electronically filed pleading, document, or order. The Filing User must therefore provide the non-registered attorney or party, including a terminated party or attorney, if appropriate, with the pleading, document, or order pursuant to the Federal Rules of Civil Procedure (Fed.R.Civ.P. 5(b)). Under the rules, they can be served with a paper copy of the electronically filed document or they can consent in writing to service by any other method, including other forms of electronic service such as fax or direct e-mail.

If a Filing User is unable to file a document electronically, the Filing User must serve the document in paper form to all counsel of record.

The following is a suggested certificate of service for electronic filing:

#### **CERTIFICATE OF SERVICE**

\_\_\_\_\_ I hereby certify that on \_\_\_\_ **[date]** \_\_\_\_, I electronically filed the foregoing with the clerk of the court by using the CM/ECF system, which will send a notice of electronic filing to the following: \_\_\_\_ **[name of attorney to be served]** \_\_\_\_.

I further certify that I mailed the foregoing document and the notice of electronic filing by [first class mail, hand delivery, facsimile] to the following non-CM/ECF participants \_\_\_\_ **[name and address of attorney or party to be served]** \_\_\_\_.

s/ \_\_\_\_ **[typed name of attorney]** \_\_\_\_

Attorney's name

Attorney for:

Law Firm Name (if applicable)

Address

Phone Number

Fax Number

Attorney's E-Mail Address

#### **ENTRY OF COURT ORDERS AND RELATED PAPERS**

A document entered or issued by the court will be filed in accordance with these procedures and such filing shall constitute entry on the docket kept by the clerk under Fed.R.Civ.P. 58 and 79 and Fed.R.Crim.P. 55.

All signed orders will be electronically filed and entered on the docket. An order bearing the electronic signature of a Judge shall have the same force and effect as if the Judge had affixed a signature to a paper copy of the order and the order had been entered on the docket in a conventional manner.

A Filing User submitting a document that requires a Judge's signature shall submit the document as an electronic attachment to a motion or other request for relief in accordance with the procedure for a "Proposed Order" as outlined in this manual. See Proposed Orders.

## NOTICE OF COURT ORDERS AND JUDGMENTS

Immediately upon the entry of an order or judgment in an action, the clerk will transmit to Filing Users in the case, in electronic form, a Notice of Electronic Filing. Electronic transmission of the Notice of Electronic Filing **with a hyperlink to the document**, constitutes the notice required by Fed.R.Civ.P. 77(d) and Fed.R.Crim.P.49(c). The clerk must give notice in paper form to a person who has not consented to electronic service.

## SIGNATURES

The user login and password required to submit documents to the Electronic Filing System serve as the Filing User's signature on all electronic documents filed with the court. They serve as a signature for purposes of Fed.R.Civ.P. 11, all other Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, the Joint Local Rules of this court, and any other purpose for which a signature is required in connection with proceedings before the court.

Each document filed electronically must indicate in the caption that it has been electronically filed. An electronically filed document must include a signature block in compliance with Joint Local Rule 5.2(b), and must set forth the name, address, telephone number, fax number and e-mail address. In addition, the name of the Filing User under whose login and password the document is submitted must be preceded by an "s/" and typed in the space where the signature would otherwise appear. No Filing User or other person may knowingly permit or cause to permit a Filing User's password to be used by anyone other than an authorized agent of the Filing User.

A document containing the signature of a defendant in a criminal case shall be electronically filed as a scanned document in PDF format that contains an image of the defendant's original signature. The Filing User is required to verify the readability of the scanned document before filing it electronically.

A document requiring signatures of more than one party must be filed electronically either by: (1) submitting a scanned document containing all necessary signatures; (2) representing the consent of the other parties on the document; (3) identifying on the document the parties whose signatures are required and by the submission of a notice of endorsement by the other parties no later than three business days after filing; or (4) in any other manner approved by the court.

A non-filing signatory or party who disputes the authenticity of an electronically filed document with a non-attorney signature, or the authenticity of the signature on that document, or the authenticity of an electronically filed document containing multiple signatures or the authenticity of the signatures themselves, must file an objection to the document within eleven (11) days of service of the document.

Any party challenging the authenticity of an electronically filed document or the attorney's signature on that document must file an objection to the document within eleven (11) days of service of the document.

If a party wishes to challenge the authenticity of an electronically filed document or signature after the eleven (11) day period, the party shall file a motion to seek a ruling from the court.

## **SERVICE OF DOCUMENTS BY ELECTRONIC MEANS**

Nothing in these procedures shall eliminate the responsibility of a party to make service in accordance with the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, and the Joint Local Rules of court.

Federal Rule of Civil Procedure 5(b) and Federal Rule of Criminal Procedure 49(b) do not permit electronic service of process for purposes of obtaining personal jurisdiction, *i.e.*, Rule 4 service. Therefore, service of process must be effected in the traditional manner.

Upon the electronic filing of a pleading or other document, the court's Electronic Case Filing System will automatically generate and send a Notice of Electronic Filing (NEF) to all Filing Users associated with that case. **Transmission of the Notice of Electronic Filing, along with a hyperlink to the document, constitutes service of the filed document.**

The NEF must include the time of filing, the name of the party and attorney filing the document, the type of document, the text of the docket entry, and an electronic link (hyperlink) to the filed document, allowing anyone receiving the notice by e-mail to retrieve the document automatically. If the Filing User becomes aware that the NEF was not transmitted successfully to a party, or that the notice is deficient, *i.e.*, the electronic link to the document is defective, the Filer shall serve the electronically filed document by e-mail, hand, facsimile, or by first-class mail postage prepaid immediately upon notification of the deficiency of the NEF.

A non-registered participant is entitled to receive a paper copy of any electronically filed document from the party making such filing. Service of such paper copy must be made according to the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure and the Joint Local Rules.

In accordance with Rule 6(e) of the Federal Rules of Civil Procedure and Rule 45(c) of the Federal Rules of Criminal procedure, service by electronic means is treated the same as service by mail for the purposes of adding three (3) days to the prescribed period to respond.

A certificate of service is still required with an electronic filing. This may be included as part of the document. You may use the "Mailing Information For a Case" feature in ECF under "Utilities," to obtain information regarding those individuals who require service by electronic and regular mail. Please remember that electronic service is not authorized for service under Fed.R.Civ.P. 4.

## RETENTION REQUIREMENTS

A document that is electronically filed and requires an original signature other than that of the Filing User must be maintained in paper form by counsel and/or the firm representing the party on whose behalf the document was filed until **one year** after all periods for appeals expire. On request of the court, said counsel must provide the original document for review.

The clerk's office may choose to discard certain documents brought to the clerk's office for filing in paper form after those documents are scanned and uploaded to the System. Therefore, counsel shall provide the court with a copy of the original documents with intrinsic value for scanning and maintain the original signature. See Signatures.

## PREPARATION

### SETTING UP ADOBE ACROBAT PDF READER

A Filing User must install Adobe Acrobat Reader in order to **view** documents that have been electronically filed with the clerk's office.

### PORTABLE DOCUMENT FORMAT (PDF)

Only documents in PDF format may be filed with the court using its ECF System. **Before sending the document to the court**, Users should preview the actual PDF document to ensure it is complete, legible and in the proper format.

A Filing User must install the full version of Adobe Acrobat software or some other compatible PDF writer to convert electronic files from their native word processing application format to portable document format (PDF). All new documents prepared for ECF cases must be converted to PDF before entering them into ECF or transmitting them to the court. After installing these products, review and follow Adobe's directions for using Acrobat or Acrobat Reader or a compatible PDF writer.

### Viewing a PDF Document

- ◆ Open Adobe Acrobat or Acrobat Reader.
- ◆ Select [**File**] on the menu bar and choose [**Open**] from the drop-down window.
- ◆ Click on the location and file name of the PDF document you wish to view.

## Converting Electronic Documents to PDF Format

You must convert all of your documents from their native word processing application to PDF format before submitting them to the court through it's Electronic Case Filing System. The conversion process requires Abode Acrobat or a compatible PDF writer.

## BASICS

### USER INTERACTIONS

A User normally interacts with the Electronic Case Filing System in three ways:

- ◆ Entering information in data fields.
- ◆ Mouse-clicking on hyperlinks.
- ◆ Selecting command buttons to direct system activities.

### CONVENTIONS USED IN THIS MANUAL

- ◆ User data entry is shown enclosed in angle brackets: <data entry>.
- ◆ Hyperlinks are displaced in **underlined boldface type**.
- ◆ Command buttons appear in **[bracketed boldface type]**.

### INCORRECTLY FILED DOCUMENTS

A document incorrectly filed in a case may result from:

- ◆ posting the wrong PDF file to a docket entry
- ◆ selecting the wrong document type from the menu or
- ◆ entering the wrong case number and not discovering the error before completing the transaction.

For assistance in the Western District telephone the Help Desk toll free at 1-866-822-8305.  
For assistance in the Eastern District telephone the Help Desk toll free at 1-866-485-6349.

You will need to provide the case and document number for the document in question. **If appropriate, the clerk's office will make an entry indicating that the document was filed in error. You may be advised that you need to re-file the document or petition the court for other appropriate relief.**

**The ECF system does not permit you to make changes to the misfiled document or incorrect docket entry after the transaction has been accepted.**

## INITIATING DOCUMENTS

The filing of initial papers, e.g., complaint, notice of removal, etc., shall be accomplished on paper rather than electronically. A disk or CD-ROM containing the document in PDF format<sup>3</sup> may be required by the clerk's office.

In a case removed to federal court, parties are required to provide copies; and may be required to provide electronic copies of all documents previously filed in the state court, which have been served upon them. Service of the summons and complaint must be made under Federal Rules of Civil Procedure 4.

## FEE PAYABLE TO CLERK

Any fee required for filing a pleading or paper in District Court is payable directly to the clerk by check, cash or money order (or credit card in Western District). The Clerk's office will document the receipt of fees on the docket. The court will not maintain electronic billing or debit accounts for litigants.

## VIEWING AND DOWNLOADING USER MANUAL

You can view or download the most recent version of this manual (in PDF format) from either of the courts' web sites at <http://www.kywd.uscourts.gov> or <http://www.kyed.uscourts.gov>.

<p><b>NOTE:</b> The ECF User Manual is best viewed using Version 5 or higher of Adobe Acrobat Reader. The electronic version of the User Manual contains bookmarks to help you navigate quickly from one section to another. This bookmarking feature can be viewed only with Acrobat Reader 6.0. Users can download a free copy of Acrobat Reader 6.0 from Adobe's web site at <a href="http://www.adobe.com">http://www.adobe.com</a>.</p>

## ENTERING THE ECF SYSTEM

This section of the User Manual provides instructions for entering the Electronic Case Filing System. You may enter the system to file a document in the Eastern District of Kentucky by going to the court's web page at <http://www.kyed.uscourts.gov> and clicking on the **CM/ECF** icon. You may enter the system in the Western District of Kentucky by going to the court's web page at <http://www.kywd.uscourts.gov> and clicking on the **CM/ECF** icon. See Figure 1.

---

<sup>3</sup>A document created with almost any word-processing program can be converted to PDF. The PDF program, in effect, takes a picture of the original document and allows anyone to open the converted document across a broad range of hardware and software with the layout, format, links, and images intact.

**Figure 1**

Alternatively, Filing Users may enter the ECF system directly by typing the following URL into the location field of their ECF-compatible web browser.

**<https://ecf.kywd.uscourts.gov>**  
OR  
**<https://ecf.kyed.uscourts.gov>**

This URL connects you directly to the court's ECF screen depicted in Figure 2. Point and click on the **District Version Live System** hyperlink to open the login screen and login to ECF.

**Figure 2**

## LOGGING IN

Proceed to the next page for login instructions. You should have already received a login and password when you registered for electronic filing. If you have not been contacted by the clerk's office with a login and password, you are not yet officially registered in ECF. Please contact the Help Desk for assistance. Figure 3 depicts the login screen.

**Figure 3**

A screenshot of the ECF/PACER Login screen. The page has a light gray background. At the top, the title "ECF/PACER Login" is displayed in blue. Below the title, there is a "Notice" section with a bold heading and a paragraph of text. This is followed by an "Instructions" section with a bold heading and a paragraph of text. Below the instructions, there is a paragraph of text regarding access fees. At the bottom of the page, there is an "Authentication" section with a yellow background. This section contains three input fields: "Login:", "Password:", and "client code:". Below these fields are two buttons: "Login" and "Clear".

Enter your ECF login name and user password in the appropriate data entry fields. It is important to remember that all ECF login names and passwords are case sensitive. The client code is provided so that attorneys may track filings and PACER usage by client. Enter your client's name, law office file number or some distinctive code that will allow you to track transactions by client.

**NOTE:** If you are entering the system to file a document or to maintain your account, use your ECF login and password. If you wish to query the database for case information or to view a document, enter your PACER login and password. To access case information or to view a document in cases that have been restricted to only counsel of record, you will need to use your ECF login and password. There is a charge of .07 cents per page for viewing, printing and/or downloading case dockets with the total for any document, docket sheet, or case-specific report not to exceed the fee for thirty pages provided however that transcripts of federal court proceedings shall not be subject to the thirty-page fee limit. No fee is owed under this provision until an account holder accrues charges of more than \$10 in a calendar year.

Amended September 23, 2003

Verify that you have entered your ECF login and password correctly. If not, click on the **[Clear]** button to erase the login and password entries and re-enter the correct information. ## How to File Documents in Civil, Criminal and Miscellaneous Cases

There are nine (9) basic steps for filing a pleading and/or document in ECF.

- 1) Select the Case Type from the blue menu bar at the top of your screen. (Civil or Criminal).
- 2) Select the type of event to file (*e.g.*, motion, notice, etc.).
- 3) Locate the case for which the pleading or document is being filed.
- 4) Designate the parties for whom the pleading or document is being filed.
- 5) Specify the PDF document to file.
- 6) Add attachments, if any, to the document being filed.
- 7) Modify docket text as necessary.
- 8) Submit the pleading or document to ECF.
- 9) Receive Notice of Electronic Filing (NEF).

## FILING A MOTION OR OTHER TYPE OF DOCUMENT

The process for filing a motion or other types of documents is similar because the screens are basically the same.

**For purposes of describing the electronic filing process and the ECF screens, this section of the User Manual describes the process for filing a civil motion in ECF.**

### Select the Type of Civil Event that is being filed

- ◆ Select **Civil** from the blue menu bar at the top of the ECF screen. The Civil Event window opens displaying all of the events from which you may choose for your filing. See Figure 5.
- ◆ Click on **Motions** under Motions and Related Filings.

**Figure 5**

The **Motions** screen appears and displays a motion selection field with a scroll bar next to it. See Figure 7. Scroll through the menu until you find the type of motion or application you wish to file. For demonstration purposes, highlight **Preliminary Injunction** and click on the [NEXT] button.

**Figure 6**

**NOTE:** To select more than one motion, press and hold the Ctrl key and click on each of the desired multiple forms of relief.

**TIP:** Type the first letter of the title of your pleading. ECF will scroll within the drop-down box to the first pleading whose title begins with the letter you typed.

## Locate the Case for Which the Document is Being Filed

A new screen (Figure 7) opens with a Case Number field. Enter the number of the case for which you are filing the motion and click on the [NEXT] button.

**Figure 7**

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue navigation bar with the ECF logo and links for Civil, Criminal, Query, Reports, Utilities, and Logout. Below this is a section titled "Motions". Under "Motions", there is a "Case Number" label above a text input field. The input field contains "03-134". To the right of the input field, a yellow tooltip box displays the text: "99-12345, 1:99-cv-12345, 1-99-cv-12345, 99cv12345, or 1:99cv12345". Below the input field are two buttons: "Next" and "Clear".

**NOTE:** ECF defaults to the last case in which you worked. Ensure the proper case number is entered in this field to avoid filing your document in the wrong case. The case number format is Year-Number. The case type is not needed. If ECF finds a civil and criminal case with the same number it will list both cases. The list of cases will display the case number and short title of the case, which will allow you to choose the correct case.

- ◆ If you submit a case number that is formatted incorrectly, ECF will prompt an error message advising you of the correct format for entering the case number.
- ◆ Click [OK] to acknowledge and close the error message. Click the [Clear] button on the screen and re-enter the case number in the correct format.
- ◆ Click on the [NEXT] button.

## Designate the Parties for Whom the Document is Being Filed

ECF refreshes the screen with a list of parties in the case. See Figure 8.

Highlight the name of the party or parties for whom you are filing the motion. If you represent all defendants or all plaintiffs you may select the entire group by holding down the **CTRL** key while pointing and clicking on each party of the group.

A dropdown menu is open, showing three options: 'Bennett, Faithanne [Plaintiff]', 'Ohio Casualty Insurance Company, [Defendant]' (which is highlighted), and 'UNUM Life Insurance Company of America, [Defendant]'. To the right of the dropdown is a link 'Add/Create New Party'. At the bottom are 'Next' and 'Clear' buttons.

After highlighting the parties filing the motion, click on the [NEXT] button.

### Specify the PDF Document to File

ECF accepts the party or parties you selected and refreshes the screen to display a new screen depicted in Figure 9. ECF displays a field for locating and entering the PDF file of the document you are filing.

**NOTE:** It is imperative that you attach an electronic copy of the actual motion when prompted by the system. All documents that you intend to file in ECF **MUST** be in PDF format. Otherwise, ECF will not accept the document and Filing Users will be unable to retrieve and read your document from within ECF.

**Figure 9**

If necessary, change the **Files of type** from:

To:

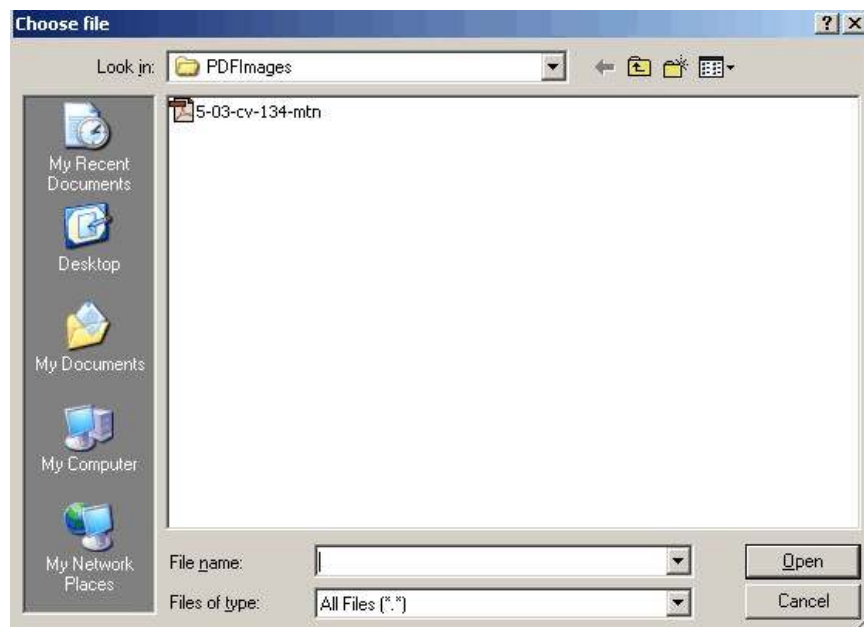

Or:

Navigate to the appropriate directory and file name to select the PDF document you wish to file. Highlight the file to upload to ECF. See Figure 10a.

**Figure 10a**

**NOTE:** In order to verify that you have selected the correct document, right mouse click on the highlighted file name to open a quick menu and left mouse click on **[Open]**. Adobe Acrobat or Acrobat Reader will launch and open the PDF document that you selected. You should view it to verify that it is the correct and complete document.

- ◆ Click on the **[Open]** button from the screen depicted in Figure 10a. ECF closes the **File Upload** screen and inserts the PDF file name and location in the screen depicted in Figure 10b.

**NOTE:** Ensure that the highlighted file name appears in the file name field as depicted in Figure 10b. The court suggests you choose a name for the document file that indicates the case number and document title when you print or publish to the PDF file.

**Figure 10b**

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue navigation bar with the ECF logo and links for Civil, Criminal, Query, Reports, Utilities, and Logout. In the event you selected and highlighted a file that is not in PDF format, ECF will display the following error message after you click on the [NEXT] button. (See Figure 10c)

**Figure 10c**

The screenshot shows the ECF interface with the same navigation bar and case link as Figure 10b. The page title is "Motions". The main content area displays an error message: "ERROR: Document is not a well-formed PDF document (no further information is available).". Below the error message is a "Back" button.

- ◆ ECF will not permit you to select a file that is not in PDF format.
- ◆ Click on the [**Back**] button and ECF will return to the screen depicted in Figure 10a.

## Failure to Select A Document to File

If you fail to select a document to file, ECF will display the error message depicted in Figure 11.

## Filing Attachments and Exhibits

Attachments in the CM/ECF System are any documents you would file as an exhibit or attachment to a paper document. Examples might be memorandums in support, affidavits, exhibits, proposed documents, etc. A Filing User must submit in electronic form all documents referenced as exhibits or attachments in accordance with the court’s ECF User Manual, and the Joint Local Rules of this court, unless otherwise ordered by the court. A Filing User shall submit as exhibits or attachments only those excerpts of the referenced documents that are directly germane to the matter under consideration by the court. Excerpted material must be clearly and prominently identified as such. Filing Users who file excerpts of documents as exhibits or attachments under this rule do so without prejudice to their right to timely file additional excerpts or the complete document. Responding parties may timely file additional excerpts or the complete document that they believe are directly germane. The court may require parties to file additional excerpts or the complete document.

## Exhibits in General

A filing party should electronically image, *i.e.*, “scan” a paper exhibit that is less than two (2) megabytes and submit the exhibit as a PDF file. However, because PDF files containing scanned documents take up considerably more space on the system than PDF files containing electronically generated documents, filing parties may submit PDF files containing scanned documents of more than two megabytes **only** if they are filed in separate two-megabyte segments.

Because documents scanned in color or containing a graphic take much longer to upload, filing parties must configure their scanners to scan documents at 200 dpi and in black and white, rather than in color. Documents appearing in color in their original form, such as color photographs, may be scanned in color and then uploaded to the system.

Filing Users are required to verify that scanned documents are legible before the documents are filed electronically with the court.

## Attaching Exhibits

Exhibits must be filed according to the following procedures:

- ◆ Each separate exhibit must be filed as a separate attachment to the main document.
- ◆ If any particular exhibit exceeds two megabytes, the exhibit must be broken down into separate components of two megabytes or less, and each component must be filed as a separate attachment.
- ◆ A clear and concise description of each exhibit must be typed into the description field of each attachment. The following is a sample of how to describe each attachment.

<u>Type</u>	<u>Description</u>
Exhibit	A. Affidavit of John Smith
Exhibit	B. Excerpts from Jane Doe's Deposition
Exhibit	C-1. Contract between XYZ Company and ABC Company (Part 1, Page 1-15)
Exhibit	C-2. Contract between XYZ Company and ABC Company (Part 2, Pages 16-24)
Exhibit	D. XYZ Company General Ledgers

## Notice of Filing Restricted Exhibits

An exhibit which contains personal identifiers may be filed electronically as a restricted document by filing a Notice of Filing Restricted Exhibit and attaching the exhibit. Remote electronic access to the notice and the attached restricted exhibit will be limited to counsel of record and court users. However, the notice and attachment will be available for viewing by the public at the clerk's office.

**An exhibit index listing the "restricted" exhibit(s) MUST be electronically filed as an attachment to the main document it supports as follows:**

- ◆ Prepare an exhibit index setting forth a clear and concise description of each exhibit indicating that the exhibit is restricted. The following is a sample of how to describe each restricted exhibit in the index:

<u>Exhibit</u>	<u>Description</u>
A	Affidavit of John Smith (Restricted)
B	Excerpts from Jane Doe's Deposition (Restricted)

- ◆ File the index as an attachment to the main document it supports. **Do not file the restricted exhibit with the main document.**

Restricted exhibits must be filed according to the following procedures:

- ◆ Prepare and file a Notice of Filing Restricted Exhibit.
- ◆ Attach each restricted exhibit as a separate attachment to the **Notice**.
- ◆ For instruction on attaching exhibits, see Attaching Exhibits

<p><b>NOTE:</b>      <b>You MUST use the event “Notice of Filing Restricted Exhibit” to ensure the exhibits are restricted.</b></p>
---

## Conventional Filing of Exhibits

Documents or exhibits that cannot be made available in electronic form or are too lengthy to electronically image, *i.e.*, “scan,” must be filed according to the following procedures.

- ◆ The Filing User must prepare an exhibit index in pleading form. The pleading's caption shall identify the document to which the exhibits relate (*e.g.*, “Notice of Filing Exhibits in Support of Defendant XYZ Company's Memorandum in Support of Motion for Summary Judgment”) and must state that “the exhibits are being filed conventionally due to the following reason . . .”
- ◆ File the exhibit index as an attachment to the electronically filed main document it supports.
- ◆ The exhibit index pleading shall accompany the exhibits when filed with the court. The exhibits should be properly identified and marked. The clerk's office will make an entry on the docket noting the receipt of the index and exhibits.
- ◆ A party must serve conventionally filed materials on other parties as if not subject these electronic filing procedures.

**REMINDER: The exhibit index listing the exhibits filed conventionally MUST be electronically filed as an attachment to the electronically filed main document it supports.**

## Proposed Orders

A proposed order shall be electronically filed as an attachment to a motion electronically filed and should be described as such by selecting the attachment **Type** of “proposed order.” See How to Add Attachments and Exhibits to Documents Being filed.

The proposed order should not contain a signature line or the Judge’s name. You should provide a minimum space of 1½ inches on the proposed order so the electronic signature of the Judge can be inserted thereon should the Judge decide to sign the order.

## How to Add Attachments and Exhibits to Documents Being Filed (e.g., Proposed Order)

If you acknowledged the need to attach documents to your main document during the previous step, a new screen appears as depicted in Figure 12.

**NOTE:**        **The Notice of Electronic Filing represents your electronic file stamp and service for Filing Users associated with the case. You may want to save it to a file on your computer hard-drive, print it, and/or retain a hard copy in your personal files.**

- ◆ Select **[Print]** on the browser toolbar to print the document receipt.
- ◆ Select **[File]** on the browser menu bar, and choose **[Save As]** from the drop-down window to save the receipt to a file on the hard drive of your computer.
- ◆ ECF will electronically transmit the Notice of Electronic Filing to other attorneys in the case who have registered as ECF Filing Users. The ECF filing receipt also displays the names and addresses of individuals who will **NOT** be electronically notified of the filing. **It is the filer’s responsibility to serve paper copies of the document to attorneys and parties who are not registered for electronic notification.**

## **E-Mail Notification of Documents That Were Filed**

After a document is electronically filed, the ECF System sends a **Notice of Electronic Filing**, with a hyperlink to the electronically filed document, to the designated attorneys who have registered as ECF Filing Users. Individuals who receive electronic notification of the filing are permitted “one free look” at the document by clicking on the associated hyperlinked document number embedded in the **Notice of Electronic Filing**. The **Filer** is permitted “one free look” at the document to verify that it was properly entered on the docket report. The court strongly urges you to save the document to your hard-drive for future access. Subsequent retrieval of the case docket sheet and document from ECF must be made through your PACER account and is subject to regular PACER fees.

**REMINDER:**        **It is the responsibility of Filing Users to send paper copies of the document to *pro se* parties and attorneys who are not ECF Filing Users.**

## **Filing Other Types of Documents**

If a Filing User prepares a single document containing a motion, response and/or reply, the Filing User **must** file the document using two or more separate entries, making the appropriate selections from the **Civil Events** or **Criminal Events** menu. For example, “Plaintiff’s Response to Defendant’s Motion to Dismiss and Plaintiff’s Motion to Amend Complaint.” In this instance the Filing User will file the document using the event “Response.” Once you have completed the transaction of filing the Response, file and attach the same document using the event “Motion” as a separate entry.

Reports are generated by the Electronic Filing System from the information entered in regard to motions, responses and replies. The reports are used by chambers for case management. If the proper information is not entered as stated above, the reports will not properly reflect pending motions, responses and replies.

A Filing User who wishes to file any document should make the appropriate selection from the **Civil Events** or **Criminal Events** menu. The process for other filings is very similar to what has been described in this manual for filing a motion. Choose the event carefully to identify the one which most closely represents the filing you wish to enter.

## **Filing Documents if ECF is Not Accessible (Technical Failures)**

Occasionally, Filing Users may be unable to electronically file documents due to technical problems with the court's ECF System.

The clerk shall deem the court's Electronic Case Filing web site to be subject to a technical failure if the site is unable to accept filing continuously or intermittently for more than one hour occurring after 12:00 noon (Eastern Time) that day. As a result of a technical failure, a document may be filed, in person, by bringing the document to the clerk's office on paper. The clerk may require the document to be accompanied by a disk or CD-ROM which contains the document in PDF format.

<p><b>NOTE:</b>                      <b>Filing Users experiencing difficulty with ECF should contact their internal system support staff prior to contacting the court.</b></p>
---

The initial point of contact with the Court for any Filing User experiencing technical difficulty filing a document electronically shall be the court's ECF Help Desk at the numbers listed in this manual. A Filing User who suffers prejudice as a result of a technical failure may seek appropriate relief from the court.

## **PUBLIC ACCESS**

A person may retrieve information from the Electronic Filing System at the court's Internet site by obtaining a PACER login and password<sup>4</sup>. A person who has PACER access may retrieve docket sheets and documents in civil cases, **except for social security cases**, in which only counsel in the case may retrieve documents. Docket sheets in criminal cases are available to a person with PACER access, but only counsel of record may retrieve documents electronically in

---

<sup>4</sup>Pursuant to the Judicial Conference Electronic Public Access Fee Schedule, non-judiciary CM/ECF users will be charged a fee of seven (.07) cents per page starting on September 23, 2003, to access electronic data such as docket sheets and case documents obtained remotely through the PACER system.

a criminal case. Neither a social security case nor a criminal case is available for public view over the Internet in accordance with the policy established by the Judicial Conference of the United States. However, when ordered by the court upon the agreement of the parties, a high profile criminal case may be accessed when it is for the convenience of the parties and in the public interest to do so. Any case or document under seal shall not be available to the public through electronic or any other means.

If a case or document has been restricted, a PACER user may retrieve the docket sheet over the Internet, but only a Filing User who is counsel of record may retrieve restricted documents electronically. However, a restricted case or document will be available for viewing by the public at the clerk's office.

Electronic access to electronic docket sheets and all documents filed in the System, unless sealed, is available to the public for viewing at no charge during regular business hours at the clerk's office. A copy fee for an electronic reproduction is required in accordance with 28 U.S.C. 1914.

Conventional copies and certified copies of electronically filed documents may be obtained at the clerk's office. The fee for copying and certifying will be in accordance with 28 U.S.C. 1914.

## **SENSITIVE INFORMATION**

Since the public may access certain case information over the Internet through the court's Electronic Filing System, sensitive information should not be included in any document filed with the court unless such inclusion is necessary and relevant to the case. In accordance with Joint General Order Number 04-01 and Notice of Electronic Availability of Case File Information of the Eastern and Western Districts, if sensitive information must be included, the following personal data identifiers must be partially redacted from the document, whether it is filed on paper or electronically<sup>5</sup>:

- ◆ Social Security Number (Only last four digits should be used.)
- ◆ Names of Minor Children (Only initials of that child should be used.)
- ◆ Dates of Birth (Only the year should be used.)
- ◆ Financial Account Number (Only last four digits of the number should be used.)

In compliance with the E-Government Act of 2002, a party wishing to file a document containing the personal data identifiers specified above may file an unredacted document under seal. This document shall be retained by the court as part of the record. A redacted copy for the public record must be filed along with the unredacted document under seal.

---

<sup>5</sup> See the Joint General Order Number 04-01 and Notice of Electronic Availability of Case File Information of the Eastern and Western Districts.

**NOTE:** It is the sole responsibility of counsel and the parties to be sure that all documents comply with the Joint General Order of this Court, whether it is filed electronically or on paper. The clerk will NOT review any document for redaction.

The court recognizes that parties may need to include in the record a document containing information such as driver's license numbers, medical records, employment history, individual's financial information and proprietary or trade secret information. To avoid unnecessary disclosure of private, personal or financial information, a party may:

- ◆ File a Motion to Restrict the Case
- ◆ File a Notice of Filing Restricted Exhibits
- ◆ File an unredacted copy of the document under seal. A redacted copy for the public record must be filed along with the unredacted document under seal.

## Restricted Case

File a "Motion to restrict case." The motion must state the reason and show good cause for restricting remote access to the case. If the motion is granted, remote access to documents will be limited to Filing Users who are counsel of record. However, the case will be available for viewing by the public at the clerk's office.

## QUERY FEATURE

Registered participants should use this feature to query the Electronic Case Filing System for specific case information. To enter the Query mode, click on Query from the **Blue** menu bar of ECF which opens up the **PACER login screen**. You must enter your **PACER** login and password before ECF permits you to query the ECF database.

**NOTE:** Use your ECF login and password if you are entering the system to file a document or to maintain your account. If you wish to query the database for case information or to view a document, enter your PACER login and password. To access case information or to view a document in cases that have been restricted to only counsel of record, you will need to use your ECF login and password. There is a charge of .07 cents per page for viewing, printing and/or downloading case dockets with the total for any document, docket sheet, or case-specific report not to exceed the fee for thirty pages provided however that transcripts of federal court proceedings shall not be subject to the thirty-page fee limit. No fee is owed under this provision until an account holder accrues charges of more than \$10 in a calendar year.

Amended September 23, 2003

## SELECTING A CASE TO QUERY

After you enter your PACER login and password, ECF opens a Query data entry screen as depicted in Figure 17. If you know the number that the court has assigned to the case, enter it in the **Case Number** field and click on the **[Run Query]** button. ECF opens the query screen depicted in Figure 19.

**Figure 17**

The screenshot shows the ECF Query interface. At the top is a blue header with the ECF logo and navigation links: Civil, Criminal, Query, and Reports. Below the header is a yellow search area. The 'Search Clues' section includes a 'Case Number' field with examples (99-500, 1:99cv500), a date range search for 'Filed Date' and 'Last Entry Date', and a dropdown for 'Nature of Suit' with options: 0 (zero), 110 (Insurance), and 120 (Contract Marine). Below these are fields for 'Last Name' (with examples Desoto, Des\*t), 'First Name', 'Middle Name', and a 'Type' dropdown. At the bottom of the search area are 'Run Query' and 'Clear' buttons.

Also, you may query the ECF database by the name of a party or an attorney to the case. Enter the last name of the party in the appropriate field in Figure 17. If more than one person with that name is in the database, ECF returns a screen from which to select the correct name (Figure 18). If you click on the name of the party, ECF will open the query screen depicted in Figure 19. If the individual is a party to more than one case, ECF will open a screen listing all of the party's cases. Click on the case number hyperlink and ECF opens the query screen depicted in Figure 19.

**Figure 18**

After querying the database by case number or by name, ECF opens the **Query** window for the specific case you selected. See Figure 19.

**Figure 19**

At the top of the window, ECF displays the case number, parties to the case, presiding Judge, date that the initial claim was filed, and date of last filing for the case. You may choose specific case information from a large list of query options by clicking on the appropriate hyperlinked name on the screen depicted in Figure 19. The following paragraphs describe several of the available case-specific query options.

## QUERY

### Attorney

Displays the names, addresses, and telephone numbers of the attorneys who represent each of the parties to the case.

### Docket Report

When you select Docket Report, ECF opens the Docket Sheet screen as depicted in Figure 20.

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue navigation bar with the ECF logo and links for Civil, Criminal, Query, and Reports. Below this is a white header area with the title "Docket Sheet". The main content area has a light gray background. It starts with a "Case Number" label followed by a yellow-highlighted text box containing "5:03-cv-00140-JMH Mac's Convenient Stores, LLC v. Mt. Sterling Associates, LLC". Below this are two radio button options: "Filed" (selected) and "Entered", each followed by a date range input field with "to" in between. Below these are three checked checkboxes: "Include terminated parties", "Include links to Notice of Electronic Filing", and "Include List of Parties and Counsel". At the bottom left is a "Sort by" label followed by a dropdown menu showing "Oldest date first". At the bottom right are two buttons: "Run Report" and "Clear".

You may select a date range for your docket report as well as a range of docket numbers. If you leave the range fields blank, ECF will default to print the entire docket report. After you have selected the parameters for your report, click on the **[Run Report]** button. ECF will run your custom docket report and display it in a window as depicted in Figures 21a and b.
